

WORLD RECORD ATTEMPT!

INFLATABLE LIFE JACKET WORLD RECORD DAY

On Saturday, May 19, 2012, the National Safe Boating Council (NSBC), in partnership with the Canadian Safe Boating Council (CSBC), invites boating safety professionals, the boating community, and the media to participate in this year's "Ready, Set, Wear It!" Inflatable Life Jacket World Record Day! Throughout North America and abroad, participants will inflate their life jackets to try and beat last year's world record of 1,685 participants.

This World Record Day will help to usher in National Safe Boating Week which runs from May 19 – 26, 2012. The goal of National Safe Boating Week is to educate and inform the boating public about boating safety, specifically life jackets. The push of always wearing your life jacket when heading out on the water has been the main focus of the campaign for the past few years.
